

Solo Wings Expansion

COLIN Alexander and Solo Wings of Tauranga are well known to most light aircraft owners throughout the country for their engineering and maintenance services, and in particular for being the only official Rotax Sales and Service Centre in New Zealand. Solo Wings have recently moved into a new purpose built hangar complex at

compass swinging service is available and capabilities are present for all types of airframes (composite, metal or fabric) and engines (radial, turbo, etc.). Colin says their aim is to offer a comprehensive service in order to make the customer's experience as pleasant as possible.

An often appreciated facet of this

Solo Wings new hangar complex at Tauranga. The company is a recognised official Tecnam Service Centre and will be caring for Bay Flight Aviation's new P2006T Twin.

Tauranga which is sure to impress visitors and aircraft owners. The new building is light and spacious, with a separate clean room for engine stripping and overhaul. Colin says they designed the facility to provide a welcoming atmosphere for owners who can have confidence in the care that will be imparted on their pride and joy.

Colin has recently been joined by licenced engineer Philip Churchill who has many years experience with Air New Zealand. Solo Wings is a recognised training organisation under ATTTO and working alongside Philip and Colin (also a licenced engineer) are two trainees.

The team can cater for all facets of light aviation from rag and tube microlights through to autogyros and vintage repair and restoration. On the latter, they currently have a restoration project underway on the only Cessna 120 in New Zealand. A fully certified weighing and

approach is Solo Wings 7 day availability. The team are on call at any time to meet customer needs.

Aside from maintenance, they also provide an accident recovery and repair service which has recently been in demand for a variety of engine, fuselage, as well as fixed and retractable undercarriage repairs. Another task often undertaken is the initial

inspection on both homebuilt and factory produced aircraft in preparation for CAA authorisations.

Solo Wings also provide mentorship to home builders in association with the Sport Aircraft Association.

For more information

Colin and the team welcome new customers to the hangar, and enquiries for any of their services. Contact Phil or Colin at Solo Wings on 07 574 7973 or email info@solowings.co.nz
