KiwiFlyer is the most cost competitive way for any aviation company to tell everyone in the NZ aviation community about their products, services or recent achievements.

We receive great feedback from readers who appreciate the magazine and support our advertisers.

KiwiFlyer will help prepare your advertisement or write editorial on your business or new developments.

Publication Specifications

KiwiFlyer is printed on a sheet fed press on 115gsm coated stock, stitched and trimmed to A4.

Bleed printing is available for full page advertising and on the back cover only. Advertising on other pages will preferably conform to the standard sizes specified overleaf. Please call to discuss specific requirements which we will endeavour to accommodate.

KiwiFlyer can help design and format your advertisement. Add 10% to the cost of the first placement. This service is free for two or more placements of the same advertisement.

Send files as EPS or PDF in CMYK colour (no four colour blacks please) with all fonts embedded, transparency flattened at high resolution and 300dpi minimum. Full page artwork requires 3mm bleed on all edges.

Artwork supplied which is not suitable for publication may be subject to a correction charge.

Please feel free to contact us if you have any questions.
